W-9 provided on request.

Services and fixed prices

SERVICE	PRICE	INCLUDED
Triage Report Every document on your site, sorted into Fix, Decide, Retire, or Keep.	**$1,950** one time	• Full-site crawl, up to 5,000 pages, plus sitemaps • Every linked PDF, Word, Excel, and PowerPoint file inventoried • PDF structure check: tags, language, title, scanned-image detection • Fix list ranked by effort, with the reason for every verdict • Scope and cost estimate: remediate-everything vs. triaged • Archive-area plan and page-level WCAG findings • Sortable spreadsheet you can assign to departments • 30-minute walkthrough with your ADA coordinator
Triage + Quarterly Tracking The Triage Report now, then a re-scan every quarter until your deadline.	**$3,900** per year	• Everything in the Triage Report • A fresh scan every quarter • Progress report: what was fixed, what is new, what slipped back • A one-page status summary for your council or board

What it is

- A professional service delivered as a report and a spreadsheet. Nothing is installed on your website and no software license is involved.
- Every linked PDF, Word, Excel, and PowerPoint file is sorted into Fix, Decide, Retire, or Keep under the Title II web rule's exception for preexisting documents (28 CFR 35.201), with the reason for each verdict.
- We do not sell remediation. The list can be handed to any vendor or to your own staff.
- A technical inventory, not legal advice. Verdicts are candidates for your ADA coordinator or counsel to confirm.

Delivery and what we need

- Delivered within 3 business days of your order, followed by a 30-minute walkthrough.
- We need only your website address. We read public pages, follow robots.txt, and never need a login.

How to order

- Card: https://fixlist.islanddevcrew.app/#pricing (receipt and invoice issued at once).
- Invoice or purchase order: https://fixlist.islanddevcrew.app/#contact, or email hello@islanddevcrew.com.
